Potential Topics and Environmental Issues

The Tier 1 EIS will document technical analysis conducted on a number of potential topics and environmental issues. Help us identify areas or resources that you feel must be avoided or are important to serve.

Transportation

Land Use and Neighborhoods

Geology, Soils, and Farmlands

Parks and Recreation

Historic and Archaeological

Noise and Vibration

Air Quality

Visual and Aesthetics

Water Resources

Biological Resources

Economic Impacts

What Else?

Hazardous Materials

Title VI and Environmental Justice
