

# What are the Goals for I-11?

**A project's purpose and need is essential in establishing the foundation for developing the reasonable range of alternatives.**

## **The Goals of I-11 are to:**

- Provide an access-controlled, north-south transportation corridor
- Connect key metropolitan areas and markets in Arizona with Mexico and Canada
- Support improvement of regional mobility for people, goods, and homeland security
- Provide enhanced transportation opportunities for trade and economic vitality

## **What needs should I-11 solve?**

A photograph of a multi-lane highway completely filled with cars, illustrating severe traffic congestion.

**Relieve local congestion to improve safety, travel times, and reliability**

A wide-angle photograph of a multi-lane highway stretching into the distance under a clear blue sky, with a few cars visible on the road.

**Improve regional travel between Southern and Northwestern Arizona**

A photograph of a large white semi-truck parked in front of a warehouse with multiple loading docks.

**Improve freight travel, reducing bottlenecks on existing highways**

A photograph of a high-speed train moving rapidly, with motion blur in the background, set against a blue sky.

**Provide a different transportation mode**

A photograph of a large, modern border security facility with multiple inspection lanes and a fence in the foreground.

**Support homeland security and national defense needs**

A photograph of solar panels in the foreground and wind turbines in the background under a clear sky.

**What else?**
